

Top Notch Turns 50: Top Notch People. Top Notch Work.

In January 2026, Top Notch of Indiana proudly kicked off a year-long celebration marking the 50th Anniversary as a union construction labor-management partnership. This golden milestone will honor the half-century foundational success rooted in its unique model: the effective and enduring partnership between Indiana's skilled construction unions and their signatory contractor partners. This collaborative partnership has sustained Indiana's most critical projects providing an innovative and prosperous construction industry across the state.

The campaign will feature initiatives—from member spotlights and community-focused service projects to the rollout of an official 50th-anniversary identity—all designed to recognize the unwavering commitment of the unions and contractors of the Indiana Union Construction Industry who continue to build Indiana's future.

50 Projects That Built Indiana

The "50 Projects that Built Indiana" campaign elevates the historical significance of the union construction industry by tying our work directly to the state's economic and community development. Top Notch members are invited to submit projects for consideration. The deadline for project submission is April 10, 2026. The final project list will be selected by the Top Notch Executive Committee and distributed via media release to regional and local media contacts.

Submit a Project!

Please attach a one page document with the following project information.

Project Name:

Project Owner:

City:

General Contractor:

Subcontractor(s):

Completion Date:

Project Overview: (Highlighting why the project should be considered for the list.)

Please submit this form with your project summary and photo (s) of the project by April 10, 2026.

Contact Name: _____

Organization: _____

Phone: _____

Email: _____

Please submit the form, narrative and your photo to Michelle Boyd at mb@m2performancestrategies.com

Deadline for project nominations is April 10, 2026
